Executive summary

One-paragraph summary of the question, data, approach and headline finding, written for a non-technical decision-maker.

Key findings

- Finding one, stated plainly with its size and uncertainty.
- Finding two.
- Recommendation or implication for the client.

1 Introduction

Describe the background, the client's objective and the questions this report answers. Cite sources as usual (Lumley 2004).

2 Data and methods

2.1 Data sources

Summarise data sources, inclusion criteria and variables.

2.2 Statistical analysis

Describe the statistical methods. Refer to the analysis plan for full detail.

Reproducibility

All results in this report were produced from version-controlled code.

3 Results

Table 1 summarises the example results.

Table 1: Example estimates by group.

Group	N	Estimate (%)	95% CI
Overall	1,200	84.2	81.9–86.3
Urban	640	88.1	85.3–90.4
Rural	560	79.8	76.2–83.0

4 Discussion and recommendations

Interpret the results, note limitations and set out recommendations.
